Identical letters dated 22 June 2016 from the Permanent Representative of the Syrian Arab Republic to the United Nations addressed to the Secretary-General and the President of the Security Council

On instructions from my Government, I should like to draw your attention to the following:

Armed terrorist groups have interfered with the work of vaccination teams by preventing them from entering the village of Western Dallan in the Idlib countryside. Members of those groups direct insults at medical personnel, took their identity cards and took photographs of them. They warned the vaccination team not to come back to the aforementioned village and prevented the inhabitants from having their children vaccinated, thus forcing the team to return without completing its mission in the southern Idlib countryside.

I should be grateful if the present letter could be issued as a document of the Security Council.

(*Signed*) Bashar Ja'afari
